

Product Description

LEANMetrics® Extra Concentrate is a supplement that provides Protein, Vitamins, Minerals and Phytase. When mixed with corn, Extra supplies all of the nutritional needs for growing-finishing pigs from 50# to market.

Product Outline

- Wide range of inclusion rates to precisely meet the needs of pigs throughout the GF period.
- Contains Phytase to improve P availability from corn and other ingredients which decreases P excretion.
- 2.9% lysine guarantee to maintain proper lysine/energy ratio.
- Methionine also added to enhance amino acid balance.
- Elevated pantothenic acid levels to improve carcass lean (increases muscle deposition, decreases backfat).
- Flexible feeding programs based on growth stage and genetic potential.
- Multiple, high quality protein sources utilized in formulation.
- Allows producer to use substantial amounts of his own grain.
- Easy to use for growing-finishing pigs. No add packs.
- Ideal for on-farm mixing equipment.
- Sow Nutri Pak added at 50#/ton adds vitamin and mineral levels for sows.
- Adding Purina Mills® Pig Booster allows producers to formulate nursery rations.
- Part of the Purina Mills® family of products backed by Purina Research.
