

Product Description:

Purina New Balance 40 Concentrate is 40% protein, multi- purpose supplement that when mixed with grain meets the nutritional requirements of growing-finishing pigs.

Product Outline:

- Conventional energy supplement formulated with multiple protein sources.
- Recommended for G/F pigs from 50# to market.
- Crystalline lysine added to improve lysine level and amino acid balance.
- Elevated pantothenic acid levels to improve carcass leanness.
- Convenient product that allows producers to feed several life stages from one concentrate.
- Can be combined with Pig Booster to make nursery rations for pigs from 15-50#.
- Sow Nutri-Pak added at the rate of 50#/ton provides the extra mineral and vitamin content necessary to make sow rations with New Balance 40.
- Economically priced.
- High Quality ingredients backed by Purina Quality Assurance.

FEEDING DIRECTIONS

See your Purina Feed Dealer or sales representative for feeding recommendations.

Purina Mills, LLC
PO Box 66812 St. Louis, MO 63166-6812
Quality Controlled By Purina Research

IMPORTANT: Follow these management practices:

Provide a source of fresh, clean water and adequate drinking space per animal at all times.

1. It is essential that recommended mixing ratios be followed.
2. Provide a draft-free pen with clean, dry sleeping area.
3. When using a self-feeder, make sure it is adjusted to minimize feed wastage. Feeders should be well managed so as to provide adequate feeder space, prevent moisture condensation, mold and insect development.
4. Consult your veterinarian for recommended health programs in your area.

Caution: Store in a dry, well ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness or death.
