

Product Description

LEANMetrics® Ultra Concentrate is a high fat, high energy supplement that provides Protein, Fat, Vitamins, Minerals and Phytase. When mixed with corn, Ultra supplies all of the nutritional needs for growing-finishing pigs from 50# to market.

Product Outline

- Improves ADG and F/G compared to conventional energy concentrates.
- High fat levels from high quality stabilized sources. Also helps control dust in G/F facilities.
- Allows producer to use substantial amounts of his own grain yet get the benefits of high fat rations.
- Flexible feeding programs based on growth stage and genetic potential.
- Contains Phytase to improve P availability from corn and other ingredients which decreases P excretion.
- Elevated pantothenic acid levels to improve carcass lean (increases muscle deposition, decreases backfat).
- 2.7% lysine guarantee to maintain proper lysine/energy ratio.
- Methionine and Threonine also added to enhance amino acid balance.
- Multiple, high quality protein sources added.
- Easy to use for growing-finishing pigs. No add packs.
- Ideal for on farm mixing equipment.
- Purina Mills® Sow Nutri Pak added at 50#/ton adds vitamin and mineral levels for sows. Ultra is the product of choice for lactating sow diets.
- Adding Purina Mills® Pig Booster allows producers to formulate nursery rations.
