GROWER-FINISHER FEED

203M

FOR GROWING/FINISHING PIG
Available outside of Midwest USA

Product Description

Nature's Match™ Grower-Finisher Feed is a complete, all-natural ration for growing-finishing pigs. A 16% protein feed that provides balanced nutrition in a flexible feeding program driven by the genetic potential of your pigs.

Product Outline

Convenient

- Complete all-natural ration for convenient feeding and inventory.
- Follow feeding directions listed below based on the Lean Genetic Potential (LGP) of your pigs. Feed recommendations for Nature's Match™ Grower-Finisher:
 - High LGP: 150 lbs – Mkt Wt
 - Moderate LGP: 100 lbs -200 lbs (optional - 200 lbs to Mkt Wt, use Sow & Pig Complete)
- Start pigs less than 100-150 lbs bodyweight on Nature's Match™ Starter-Grower Feed
- Pelleted to improve feed conversion and minimize feed wastage and dust. Also, improves flowability through feeders. Versatile to fit all feeding systems.
- Provides optimized performance through high quality ingredients and strict quality control and manufacturing procedures

Nutritionally sound

- Precisely formulated in nutrients to optimize swine growth and performance.
- Using organic selenium means improved bioavailability, increased bioactivity and better retention for use in many important metabolic pathways, including immunity.
- Lysine and methionine (amino acids) added to enhance amino acid balance.
- High quality vegetable oil delivers maximum energy and digestibility.
- Contains two crystalline amino acids for superior amino acid balance, with lysine at 0.85%.
- Increased pantothenic acid (Vitamin B5) and supplemental chromium added to support energy metabolism and maximize muscle expression.
- Probiotics and therapeutic levels of copper, to support intestinal wellness.

Environmentally friendly

- Nature's Match™ ingredients and formulation reduce manure phosphorus excretion.
 - Phytase minimizes phosphorus excretion in manure while maintaining skeletal development and growth, and phosphorus-dependent enzyme systems.
 - Good for the environment by reducing phosphorus run-off into waterways.
- Nature's Match™ feed contains technologies to help reduce ammonia release from manure.
 - Nature's Match™ feed can reduce odor - a) by using crystalline amino acids, b) by reducing nitrogen loss from manure, c) by reducing ammonia release within the gastro-intestinal tract.
- Technologies in the Nature's Match™ program reduce manure viscosity, which means:
 - Reduced viscosity/reduced stickiness.
 - More uniform slurry.

Nature's Match™ Grower-Finisher Feed

- Facilities may take less time to power wash.
- Better sanitation - reduced microbial load.

NATURE'S MATCH™ GROWER-FINISHER

SWINE GROWER/FINISHER

CAUTION: USE ONLY AS DIRECTED

GUARANTEED ANALYSIS

Crude Protein, (Min).....	16.0 %
Lysine, (Min)	0.85 %
Crude Fat, (Min)	2.5 %
Crude Fiber, (Max).....	5.2 %
Calcium (Ca), (Min).....	0.4 %
Calcium (Ca), (Max).....	0.9 %
Phosphorus (P), (Min).....	0.45 %
Salt (NaCl), (Min)	0.3 %
Salt (NaCl), (Max).....	0.8 %
Selenium (Se), ppm, (Min).....	0.3
Zinc (Zn), ppm, (Min).....	125
Phytase (A. Oryzae), FYT/lb, (Min)	839

*One phytase unit liberates one micromole of inorganic phosphorus per minute. Contains a source of phytase which can hydrolyze phytate increasing the digestibility of phytin-bound phosphorus in swine diets containing corn or soybean meal.

INGREDIENTS

Ground Corn, Wheat Flour, Dehulled Soybean Meal, Cane Molasses, Soybean Oil, Calcium Carbonate, Monocalcium Phosphate, Dicalcium Phosphate, Salt, Lignin Sulfonate, Choline Chloride, L-Lysine, Chromium Tripicolinate, Copper Sulfate Bacillus Subtilis Fermentation Product Dehydrated, Maltodextrins, Dried Yucca Shidigera Extract, Brewers Dried Yeast, Selenium Yeast, Wheat Middlings, Calcium Chloride, Lecithin, Glycerol Monostearate, Iron Oxide, Olive Oil, Calcium Stearate, Inositol, Dried Bacillus Licheniformis Fermentation Product Sodium Sulfate, Dextrin, Cellulose, Dried Aspergillus Oryzae Fermentation Extract, Vegetable Oil, Kaolin, Starch, Roughage Products, Condensed Fermented Corn Extractive, DL-Methionine, Vitamin A Acetate, Cholecalciferol, Manganese Sulfate, Vitamin B₂ Supplement, Manganous Oxide, Nicotinic Acid, DL-Alpha Tocopheryl Acetate, Zinc Sulfate, Riboflavin, Menadione Dimethylpyrimidinol Bisulfite, Ethylenediamine Dihydriodide, Natural And Artificial Flavors, Calcium Pantothenate, Sodium Saccharin, Bacillus Subtilis, Ferrous Sulfate, Mineral Oil, Copper Chloride, Silicon Dioxide, Propylene Glycol, Sodium Selenite.

RUMINANT MEAT AND BONE MEAL FREE

DIRECTIONS:

Feed as directed by your local Purina Mills Feed representative.

Important: Follow these management practices:

1. Provide a source of fresh, clean water and adequate drinking space per pig at all times.
2. Provide a draft-free pen with clean, dry sleeping area.
3. When using a self-feeder, make sure it is adjusted to minimize feed wastage. Feeders should be well managed to provide adequate feeder space, prevent moisture condensation, mold and insect development.
4. Consult your veterinarian for recommended health programs in your local area.
5. Observe withdrawal times for medication used.

CAUTION: Store in dry, well ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness or death.
