SOW AND PIG COMPLETE FEED

203S

FOR ALL CLASSES OF SWINE

Product Description

Nature's Match[™] Sow and Pig Complete Feed is a versatile complete, 16% protein, all-natural feed that provides all the nutrition from 25 lbs to market weight, plus the breeding herd. One product that can be fed to growing pigs, finishing pigs, developing gilts, lactating and gestating sows and boars.

Product Outline

Convenient

- Multi-purpose, all-natural feed that greatly simplifies product inventory.
- Competitively priced for economical performance. Available in bag or bulk.
- Convenient pelleted form for easy feeding, less dust and improved conversion. Also, improves flowability through feeders. Versatile to fit all feeding systems.
- Provides optimized performance through high quality ingredients and strict quality control and manufacturing procedures.
- Feed as sole ration to pigs from 25 lbs to market weight.
- Feed 5 lbs or more/hd/day to gestating sows based on body condition. Similar feeding rates for boars based on condition and work load.
- Work lactating sows to full feed within 4-5 days post farrowing.

Nutritionally sound

- Precisely formulated in nutrients to optimize growth and performance.
- 16% protein with an amino acid balanced formula for high performance.
- Using organic selenium means improved bioavailability, increased bioactivity and better retention for use in many important metabolic pathways, including immunity.
- Contains two crystalline amino acids (lysine and methionine) for superior amino acid balance.
- Pharmacological copper levels added to support sow performance. Born alive, sow longevity and milk production are positively influenced.
- High quality vegetable oil delivers maximum energy and digestibility.
- Supplemental chromium to support sow productivity.

Environmentally friendly

- Nature's Match[™] ingredients and formulation reduce manure phosphorus excretion.
 - Phytase minimizes phosphorus excretion in manure while maintaining skeletal development and growth, and phosphorus-dependent enzyme systems.
 - Good for the environment by reducing phosphorus run-off into waterways.
- Nature's Match[™] feed contains technologies to help reduce ammonia release from manure.
 - Nature's Match[™] feed can reduce odor - a) by using crystalline amino acids, b) by reducing nitrogen loss from manure, c) by reducing ammonia release within the gastro-intestinal tract.
- Technologies in the Nature's Match[™] program reduce manure viscosity, which means:
 - Reduced viscosity/reduced stickiness.

Nature's Match[™] Sow & Pig Complete Feed

- More uniform slurry.
- Facilities may take less time to power wash.
- Better sanitation - reduced microbial load.

Phytase (A. Oryzae), FYT/lb, (Min).....	839

One phytase unit liberates one micromole of inorganic phosphorus per minute. Contains a source of phytase which can hydrolyze phytate increasing the digestibility of phytin-bound phosphorus in swine diets containing corn or soybean meal.

INGREDIENTS

Wheat Middlings, Ground Corn, Dehulled Soybean Meal, Cane Molasses, Wheat Flour, Ground Soybean Hulls, Calcium Carbonate, Corn Gluten Feed, Soybean Oil, Salt, Choline Chloride, Chromium Tripicolinate, Vitamin E Supplement, Copper Sulfate, Bacillus Subtilis Fermentation Product Dehydrated, Maltodextrins, Dried Yucca Shidigera Extract, Brewers Dried Yeast, Selenium Yeast, Calcium Chloride, Lecithin, Glyceryl Monostearate, Iron Oxide, Olive Oil, Calcium Stearate, Inositol, Dried Bacillus Licheniformis Fermentation Product, Sodium Sulfate, Dextrin, Cellulose, Dried Aspergillus Oryzae Fermentation Extract, Vegetable Oil, Biotin, Kaolin, Starch, Condensed Fermented Corn Extractive, Roughage Products, DL-Methionine, Manganese Sulfate, Vitamin A Acetate, Manganous Oxide, Cholecalciferol, DL-Alpha Tocopheryl Acetate, Vitamin B-12 Supplement, Vitamin A Supplement, Zinc Sulfate, Riboflavin, Nicotinic Acid, Menadione Dimethylpyrimidinol Bisulfite, Ethylenediamine Dihydrochloride, Ferrous Sulfate, Copper Chloride, Calcium Pantothenate, Sodium Selenite.

RUMINANT MEAT AND BONE MEAL FREE

DIRECTIONS

Gestation and breeding sows and boars: feed to maintain desired body condition, but not less than 5 pounds per head per day.

Lactating sows: bring up to full feed.

Nursing piglets: feed free choice to supplement sow's milk.

Starting, growing, and finishing pigs: full feed as sole ration to pigs from 25 pounds to market weight.

IMPORTANT

This product is to be fed only to the animal species as directed on this label. Follow these management practices:

1. Provide a source of fresh clean water and adequate drinking space at all times.
2. Provide warm draft-free quarters with clean dry sleeping area for sows and litter.
3. Feeders should be well managed so as to provide adequate feeder space, prevent moisture condensation, mold and insect development.
4. Consult your veterinarian for recommended health programs in your area.

CAUTION

Store in a dry, well ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness or death.

BULK OR 50 LB (22.67 KG) NET WEIGHT

DIRECTIONS:

Feed as sole ration as follows:

- Full Feed as sole ration to pigs from 25 lbs to market weight.
- Feed 5 lbs or more/hd/day to gestating sows based on body condition. Similar feeding rates for boars based on condition and work load.
- Work lactating sows to full feed within 4-5 days post farrowing.
- Nursing Piglets: Feed free choice to supplement sow's milk

Important: This product is to be fed only to the animal species as directed on this label. Follow these management practices:

1. Provide a source of fresh, clean water and adequate drinking space per pig at all times.
2. Provide warm draft-free quarters with clean dry sleeping area for sows and litter.
3. Feeders should be well managed so as to provide adequate feeder space, prevent moisture condensation, mold and insect development.
4. Consult your veterinarian for recommended health programs in your local area.

CAUTION: Store in dry, well ventilated area protected from rodents and insects. Do not feed moldy or insect infested feed to animals as it may cause illness or death.
