

Product Description

Purina Mills® Senior Pig Starter with LEANMetrics® Technology is a final feed in the four product family of Purina Starters. A 19% protein, 1.35% lysine focused on the nutritional needs of the late nursery pig weighing 25-50#. Designed to take pigs through the nursery with outstanding performance and feed efficiency.

Product Outline

- The nutritional link between complex **Purina Mills® Pig Starters** and simpler grower rations.
- One ration from 25-50#. Convenient and simple.
- Predictable performance in a complete pelleted ration. Less waste, less dust.
- Formulated with a new proprietary ingredient, Intake Intensifier, to enhance palatability, imprinting, and support immunocompetence.
- Formulated with high quality ingredients to improve digestibility and conversion.
- Crystalline amino acid supplementation of lysine, methionine, threonine, and tryptophan.
- Formulated on available P to precisely meet pig's needs without overformulation... an environmentally friendly approach.
- High quality stabilized fat source to provide readily available energy to fast growing pigs.
- Lower whey levels and more soy inclusion to complete the transition to less complex rations.
- Flavor, acidifiers and direct fed microbials added for maximum intake, performance and intestinal health.
- Supported by Purina's knowledge, experience and research focused on our customer's needs.
- Available in bag or bulk with medication options.

RUMINANT MEAT AND BONE MEAL FREE

DIRECTIONS

Contact your Purina Feed Dealer or sales representative for feeding recommendations.

IMPORTANT

This product is to be fed only to the animal species as directed on this label. Follow these management practices:

1. Provide a source of fresh, clean water and adequate drinking space per pig at all times.
2. When using a self-feeder, make sure it is adjusted to minimize feed wastage. Feeders should be well managed so as to provide adequate feeder space, prevent moisture condensation, mold and insect development.
3. Consult your veterinarian for recommended health programs in your local area.

CAUTION

Store in dry, well ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness or death.
