

Product Description

Nature's Match™ Starter Base Specifically designed for Natural Pork Production. Nature's Match™ Starter Base is a non-medicated nutrient-dense Base Mix containing a blend of highly digestible ingredients for pigs weighing 15 to 50 lb body weight. Use with corn, soybean meal, L-Lysine and, LEANMetrics® EcoBase Premix or LEANMetrics® EcoSelect Premix.

Product Outline

- A dry meal base mix, Nature's Match™ Starter Base can be used to manufacture several transition diets designed for pigs from 15-20 lbs, 20-30 lbs and 30-40 lbs.
- Designed for natural pork production: No antibiotics, synthetic growth promoters or animal by-products including plasma protein, blood products, meat meal and fishmeal.
- Nature's Match™ Starter Base contains specific levels of lactose and whey to minimize transition stress from milk, Surge™ Gel or Nature's Match™ Complete Prestarter.
- Includes easily digested quality protein sources (soy protein isolate, spray-dried select egg and whey) to enhance digestion and maximize growth.
- Contains yeast products and oatmeal to improve nutrient digestibility and enhance early feed intake.
- Contains yeast extract, yucca shidigera extract and high levels of zinc and copper to aid assistance of intestinal wellness and optimum gut health.
- Sweetening and flavoring ingredients are added for palatability.
- Can be used to formulate multiple Lysine Levels to match the requirements of the pig as they grow from 15 to 40 lbs.
- Complements the following products,
 - Nature's Match™ Complete Prestarter (1421005)
 - Nature's Match™ Complete Starter 1.5 (1421000)
 - LEANMetrics® EcoSelect Phytase (0053141)
 - LEANMetrics® EcoBase Phytase (0053140)
 - NEWtraStart™ (1275800) – a natural plant extract base product
 - Calsporin® Pak (4271401) – a probiotic feed additive premix
 - MicroAid Premix (1001809) – a source of yucca shidigera

INGREDIENTS

Dried Whey Product, Feeding Oatmeal, Dried Egg Product, Dehulled Soybean Meal Soy Isolate, Cane Sugar, Monocalcium Phosphate, Dicalcium Phosphate, Zinc Oxide, Yeast Culture, Lysine, DL-Methionine, L Threonine, Copper Sulfate, Calcium Carbonate, Choline Chloride, Vegetable Oil, L Tryptophan, Casein, DL-Alpha Tocopheryl Acetate, Thiamine, Calcium Pantothenate, Folic Acid, Riboflavin, Menadione Dimethylpyrimidinol Bisulfite, Biotin, Nicotinic Acid, Cholecalciferol, Mineral Oil, Dried Yucca Shidigera Extract, Ethoxyquin (A Preservative), Cyanocobalamin, Sodium Silico Aluminate, Vitamin A Acetate, Ground Rice Hulls, Pyridoxine Hydrochloride, Propionic Acid (A Preservative), Sorbic Acid (A Preservative), Benzoic Acid (A Preservative), Methylparaben, Calcium Hydroxide, Silicon Dioxide, Propylparaben, BHT (A Preservative), Sodium Hydroxide.

DIRECTIONS

For Mixing directions, see your Purina Feed representative.

1421001 2P2N

IMPORTANT: This product is to be fed only to the animal species as directed on this label. Follow these management practices:

1. Provide a source of fresh, clean water and adequate drinking space per pig at all times.
2. Provide a draft-free pen with clean, dry sleeping area.
3. When using a self-feeder, make sure it is adjusted to minimize feed wastage. Feeders should be well managed so as to provide adequate feeder space, prevent moisture condensation, mold and insect development.
4. Consult your veterinarian for recommended health programs in your area.
5. Any ration change should be made gradually. In order to reduce weaning stress, the pig's ration should not be changed within 5 to 7 days before or after weaning.

Caution: Store in a dry, well ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness or death.
