**FOR GESTATING/LACTATING SOWS**

**Product Description**

**Purina Mills<sup>®</sup> Sow Distillers Balancer** is a premix that will balance grower-finisher rations containing Distillers Dried Grains with Solubles (DDGS). It contains all the mineral and vitamin fortification to get maximum grower and finisher performance.

**Product Outline**

- Reduced P levels to correspond with higher DDGS phosphorus levels to maintain balanced Ca:P ratio.
- High vitamin and trace mineral levels for highly prolific sows.
- Organic selenium source for reproductive performance and improved production.
- Chromium supplementation that may improve sow reproductive performance.
- Inorganic copper levels (60 ppm) improve pig birth weights and preweaning gains.
- Contains Yucca Schidigera. Research indicated a reduction in stillborns and reduced ammonia levels in sow facilities.
- Gestation and lactation rations formulated from one premix.
- Recommended for boars and replacement gilts as well.
- Can be used with either 44% or high protein SBM.
- Contains no animal products.
- Ration recommendations based on feed intake in gestation and lactation.
- Mixing time of 15 minutes suggested to get proper nutrient distribution.
- Available in 50# bags or in bulk.
