## *Retail* NATURE'S MATCH<sup>™</sup>

### COMPLETE SOW OVAL FEED

#### 203L

FOR GESTATING GILTS, GESTATING SOWS,  
AND, WORKING AND NON-WORKING BOARS  
Available outside of Midwest USA

## Product Description

Nature's Match<sup>™</sup> Complete Sow Oval Feed is a 14% protein complete, all-natural feed specifically designed for gestating sows and boars. Ideal for outside-feeding situations. Not recommended for lactating sows.

## Product Outline

### Convenient

- Unique BIG pellet (oval) designed for feeding on the ground or concrete slab.
- Provides all essential nutrients for gestating females and boars. Not recommended for lactating sows.
- Easy to feed complete, all-natural ration that is economical.
- Large pellet for easy consumption and minimal waste.
- Provides optimized performance through high quality ingredients and strict quality control and manufacturing procedures.
- Feed 5 lbs/hd/day to maintain breeding stock. Feed 1-2 lbs extra/hd/day to sows and boars that are under conditioned.

### Nutritionally sound

- Nutrient balanced to maintain healthy, well conditioned boars and gestating sows.
- Mineral and vitamin levels match nutrient needs of gestating sows and boars.
- Higher fiber levels help keep limit-fed sows more content.
- Using organic selenium means improved bioavailability, increased bioactivity and better retention for use in many important metabolic pathways, including immunity.
- Contains two crystalline amino acids (lysine and methionine) for superior amino acid balance.
- Pharmacological copper levels added to support sow performance. Born alive, sow longevity and milk production are positively influenced.
- High quality vegetable oil delivers maximum energy and digestibility.
- Supplemental chromium to support sow productivity.

### Environmentally friendly

- Nature's Match<sup>™</sup> ingredients and formulation reduce manure phosphorus excretion.
  - Phytase minimizes phosphorus excretion in manure while maintaining skeletal development and growth, and phosphorus-dependent enzyme systems.
  - Good for the environment by reducing phosphorus run-off into waterways.
- Nature's Match<sup>™</sup> feed contains technologies to help reduce ammonia release from manure.
  - Nature's Match<sup>™</sup> feed can reduce odor - a) by using crystalline amino acids, b) by reducing nitrogen loss from manure, c) by reducing ammonia release within the gastro-intestinal tract.
- Technologies in the Nature's Match<sup>™</sup> program reduce manure viscosity, which means:
  - Reduced viscosity/reduced stickiness.
  - More uniform slurry.

## Nature's Match<sup>™</sup> Complete Sow Oval Feed

- Facilities may take less time to power wash.
- Better sanitation - reduced microbial load.

**NATURE'S MATCH™**  
**COMPLETE SOW OVAL**

FOR GESTATING GILTS, GESTATING SOWS, AND  
 WORKING AND NON-WORKING BOARS  
 CAUTION: USE ONLY AS DIRECTED  
 GUARANTEED ANALYSIS

Crude protein (min.)	14.00%
Lysine (min.)	0.55%
Crude fat (min.)	2.00%
Crude fiber (max.)	8.20%
Calcium (Ca) (min.)	0.60%
Calcium (Ca) (max.)	1.10%
Phosphorus (P) (min.)	0.50%
Salt (NaCl) (min.)	0.40%
Salt (NaCl) (max.)	0.90%
Selenium (Se) (min.)	0.3 ppm
Zinc (Zn) (min.)	125.0 ppm
Phytase (A. Oryzae) (min.)	839.0 FYT/lb.

**INGREDIENTS**

Wheat middlings, ground milo, corn gluten feed, cane molasses, dehydrated alfalfa, dehulled soybean meal, calcium carbonate, salt, choline chloride, lignin sulfonate, chromium tripicolinate, copper sulfate, calcium pantothenate, DL-alpha tocopheryl acetate, bacillus subtilis fermentation product dehydrated, maltodextrins, dried yucca schidigera extract, brewers dried yeast, selenium yeast, calcium chloride, lecithin, glyceryl monostearate, iron oxide, olive oil, riboflavin, calcium stearate, inositol, dried bacillus licheniformis fermentation product, vitamin B-12 supplement, sodium sulfate, dextrin, nicotinic acid, cholecalciferol, cellulose, dried aspergillus oryzae fermentation extract, vegetable oil, kaolin, starch, condensed fermented corn extractive, roughage products, L-lysine, biotin, vitamin A acetate, manganese sulfate, manganous oxide, zinc sulfate, ethylenediamine dihydriodide, ferrous sulfate, copper chloride, sodium selenite.

**Ruminant Meat and Bone Meal Free**  
 01LB- S 203L

\*One phytase unit liberates one micromole of inorganic phosphorus per minute. Contains a source of phytase which can hydrolyze phytate increasing the digestibility of phytin-bound phosphorus in swine diets containing corn or soybean meal.

**DIRECTIONS:**

Feed as directed by your local Purina Mills Feed representative.

**Important:** This product is to be fed only to the animal species as directed on this label. Follow these management practices:

1. Provide a source of fresh, clean water and adequate drinking space per pig at all times.
2. Provide warm draft-free quarters with clean dry sleeping area for sows and litter.
3. Feeders should be well managed so as to provide adequate feeder space, prevent moisture condensation, mold and insect development.
4. Consult your veterinarian for recommended health programs in your local area.

**CAUTION:** Store in dry, well ventilated area protected from rodents and insects. Do not feed moldy or insect infested feed to animals as it may cause illness or death.
